Dear Parent / Guardian,

Enrol Your Child for School-based Health & Dental Services

1. The Health Promotion Board (HPB) will conduct **health screenings, immunisations and dental checks** for your child. These services ensure the protection of your child's health and allow for early detection of health issues.

Human Papillomavirus (HPV) Vaccination is offered to eligible Secondary 1 and 2 female students to protect them against cervical cancer.

It is fully subsidized and parental consent is required before administering the HPV Vaccination.

2. Your **consent is needed** for your child to receive these important **vaccination and dental services**.
